This Standard Work on the Chinese Lan-
guage, constructed on the basis of Kanghi's
Imperial Dictionary, contains all Chinese
characters in practical use, and while alpha-
betically arranged according to the sounds of
the oldest dialect of China, the Can-
tonese, it gives also the Mandarin pronun-
ciation of all characters explained in the
book, so that its usefulness is by no means
confined to the Cantonese Dialect, but the
work is a practically complete Thesaurus of
the whole Written Language of China, an-
cient and modern, as used all over the
Empire, whilst its introductory chapters
serve the purpose of a philological guide
to the student.
A Supplement, arranged for being bound
and used by itself, and containing a List
of the Radical, an Index, and a List of
Surnames, will be published and sold
